

Changes in the Architectural Guidelines

MAIL BOXES / POSTS

General Considerations: U.S. Postal Service approved mail boxes of size one or one and a half in black, plain or lockable, is considered "standard". Design of mailbox posts is to be consistent with each neighbors design as specified. The standard mail box post is of treated wood construction. Design is consistent with each neighborhoods specific design.

Specification: Mailbox – Black Standard, size 1 or 1/2 USPS regular or lockable.
